The impact of a reviewer on a given films box office performance is a matter of debate. Some observers claim

that movie marketing in the 2000s is so intense, wellcoordinated and well financed that reviewers cannot prevent a poorly written or filmed blockbuster from attaining market success. However, the cataclysmic failure of some heavily promoted films which were harshly reviewed, as well as the unexpected success of critically praised independent films indicates that extreme critical reactions can have considerable influence. Other observers note that positive film reviews have been shown to spark interest in littleknown films. Conversely, there have been several films in which film companies have so little confidence that they refuse to give reviewers an advanced viewing to avoid widespread panning of the film. However, this usually backfires, as reviewers are wise to the tactic and warn the public that the film may not be worth seeing and the films often do poorly as a result. Journalist film critics are sometimes called film reviewers. Critics who take a more academic approach to films, through publishing in film journals and writing books about films using film theory or film studies approaches, study how film and filming techniques work, and what effect they have on people. Rather than having their reviews published in newspapers or appearing on television, their articles are published in scholarly journals or up-market magazines. They also tend to be affiliated with colleges or universities as professors or instructors.

Disney also postponed the releases of Antlers and The New Mutants, but not Black Widow.100 This is speculated to be because the other films are standalone, while moving Black Widow – the first film of the Marvel Cinematic Universe:

Phase Four - would affect the development and distribution of the future Marvel Cinematic Universe and the Marvel Disney+ works, with Disney holding off on an early postponement announcement until March 17, when they postponed Black Widow and their other May releases, The Personal History of David Copperfield and The Woman in the Window.101102 Though it had earlier been speculated that Black Widow would be able to take Marvels November release date planned for Eternals, 18 it was not initially given a new date. On April 3, 2020, Black Widow was rescheduled to November 6, 2020, taking the release date of the aforementioned Eternals. Three months later, on July 25, 2020, Disney announced that Antlers would get its new release date of February 19, 2021, nearly a year later after its original release.103 In August 2020, Disney announced that it cancelled the theatrical release of Mulan in North America and would premiere the film on Disney+ with Premier Access instead. It went on to have a theatrical release in select countries, including China.104105106 On September 23, Disney postponed Black Widow to May 7, 2021, Death on the Nile to December 18, 2020, and West Side Story to December 10, 2021. As a result, Eternals was also delayed to November 5, 2021, in order to maintain the MCU continuity.107

rewrite the script162 and Polar Rescue, a Donnie Yen film, which shut down production until the end of the year.82 One of the first big production shutdowns was that of Mission: Impossible 7, which was scheduled to begin filming in Venice, Italy when the crew was sent home and the sets left behind.6 After actor Tom Hanks became infected with the coronavirus, the Elvis Presley biopic he was working on in Queensland, Australia was shut down, with everyone on the production put into quarantine. Production company Warner Bros. began working with the Australian public health services to identify other people who may have been in contact with Hanks and his wife Rita Wilson, who had been performing at venues including the Sydney Opera House shortly before both were tested positive.163 The Marvel Studios film Shang-Chi and the Legend of the Ten Rings, which was also shooting in Australia, had its first unit production temporarily suspended on March 12, 2020, due to director Destin Daniel Cretton self-isolating while awaiting results for a coronavirus test, which came back negative.164165
