*Rand article from wiki

Montage Main article: Montage is the technique by which separate pieces of film are selected, edited, and then pieced together to make a new section of film. A scene could show a man going into battle, with flashbacks to his youth and to his home-life and with added special effects, placed into the film after filming is complete. As these were all filmed separately, and perhaps with different actors, the final version is called a montage. Directors developed a theory of montage,

beginning with Eisenstein and the complex juxtaposition of images in his film *Battleship Potemkin*.³ Incorporation of musical and visual counterpoint, and scene development through *mise en scene*, editing, and effects has led to more complex techniques comparable to those used in opera and ballet.

Other major films have postponed releases in certain countries. The Pixar film *Onward*, released on the opening March weekend, was not opened in the areas most affected by the coronavirus outbreak while cinemas were closed in China, it also chose not to open in South Korea, Italy or Japan.⁹⁰ Other March 2020 releases *A Quiet Place Part II* and *Mulan* postponed their releases in affected areas, too.

This prompted worry that, should March film openings underperform, blockbusters set for release in May specifically Disney's *Black Widow* and Universal's *F9* would move their dates later in the calendar.¹⁸⁷ *Mulan* not opening in China, where it aimed to make most of its money, was particularly concerning,⁹¹ especially with the possibility that pirate copies will appear and prevent Chinese moviegoers from going to see it in cinemas when it is released.⁹ Comparatively, *A Quiet Place Part II* had not anticipated a large Chinese draw, as the box office for the first film in the country was only 10% of its total.⁷

On March 5, 2021, cinemas in New York City were given authorization to reopen, subject to the same 50-patron limit as the remainder of the state.¹⁹⁷ On March 11, after Los Angeles County moved from purple to red on the *Blueprint for a Safer Economy*, the Los Angeles County Department of

Public Health LACDPH gave authorization for cinemas to resume operations in the area at 25% capacity. 198 42 of the approximately 107 cinemas as of 2019 in the LA area had resumed operations by March 26, with some chains and independent cinemas expecting to reopen over the next few weeks for the opening of Godzilla vs. Kong. 122123
