*Rand article from wiki

The making and showing of motion pictures became a source of profit almost as soon as the process was invented. Upon seeing how successful their new invention, and its product, was in their native France, the Lumières quickly set about touring the Continent to exhibit the first films privately to royalty and publicly to the masses. In each country, they would normally add new, local scenes to their catalogue and, quickly enough, found local entrepreneurs in the various countries of Europe to buy their equipment and photograph, export, import, and screen additional product commercially. The Oberammergau Passion Play of 1898 citation needed was the first commercial motion picture ever produced. Other

pictures soon followed, and motion pictures became a separate industry that overshadowed the vaudeville world.

Dedicated theaters and companies formed specifically to produce and distribute films, while motion picture actors became major celebrities and commanded huge fees for their performances. By 1917 Charlie Chaplin had a contract that called for an annual salary of one million dollars. From 1931 to 1956, film was also the only image storage and playback system for television programming until the introduction of videotape recorders.

Peter Rabbit 2: The Runaway was initially scheduled to be released in the UK and the US in late March and early April respectively, but due to uncertainty over the outbreak, the film was postponed to early August before being postponed once again to December 11, 2020, and January 15, 2021, respectively.⁸⁷ Sony Pictures, the films production company, said that the changes internationally were because of coronavirus fears, with the US release moved in sync over worries of pirate copies and because the rival childrens film DreamWorksUniversals Trolls World Tour had moved its release date earlier, to the same weekend on which Peter Rabbit 2: The Runaway was initially planned to be released.⁸⁸ Trolls World Tours forward rescheduling takes it to what would have been No Time to Dies weekend both are distributed by Universal, and leaves it as the biggest film in April.⁸⁹

Exhibitors : The stock of exhibitors, companies that own and finance showing films in cinemas and theaters, continued falling even as the global stock market rebounded. Mid-week

on March 4, 2020, Cinemark fell by 0.53% and AMC by 3.5%.¹⁷⁹ That day, No Time to Die had its release postponed by March 6, AMC's shares had fallen by 30% over two weeks. Between March 4 and 6, Cineworld's shares fell 20%,⁷ and fell another 24% on March 12.¹⁸⁰ The falls result from a combination of AMC closing selected cinemas in Italy¹⁷⁹ and the lack of confidence in the market created by No Time to Die moving its release date other new releases on its original opening weekend will not be as much of a draw for moviegoers and could result in financial losses for the chains showing them.¹⁸ The in-theater advertising company National CineMedia also reported stock falling, by 1.25% on March 4.¹⁷⁹
