*Rand article from wiki

The making and showing of motion pictures became a source of profit almost as soon as the process was invented. Upon seeing how successful their new invention, and its product, was in their native France, the Lumières quickly set about touring the Continent to exhibit the first films privately to royalty and publicly to the masses. In each country, they would normally add new, local scenes to their catalogue and, quickly enough, found local entrepreneurs in the various countries of Europe to buy their equipment and photograph, export, import, and screen additional product commercially. The Oberammergau Passion Play of 1898 citation needed was the first commercial motion picture ever produced. Other pictures soon followed, and motion pictures became a separate industry that overshadowed the vaudeville world. Dedicated theaters and companies formed specifically to produce and distribute films, while motion picture actors became major celebrities and commanded huge fees for their

performances. By 1917 Charlie Chaplin had a contract that called for an annual salary of one million dollars. From 1931 to 1956, film was also the only image storage and playback system for television programming until the introduction of videotape recorders.

Impact of the COVID-19 pandemic on cinema : The COVID-19 pandemic has had a substantial impact on the film industry in 2020 and 2021, mirroring its impacts across all arts sectors. Across the world and to varying degrees, cinemas and movie theaters have been closed, festivals have been cancelled or postponed, and film releases have been moved to future dates or delayed indefinitely. Due to cinemas and movie theaters closing, the global box office has dropped by billions of dollars, streaming has seen a significant increase in popularity and the stock of film exhibitors has also dropped dramatically. Many blockbusters originally scheduled to be released since mid-March 2020 have been postponed or canceled around the world, with film productions also halted. This, in turn, has created openings for independent cinema productions to receive wider exposure.¹

Chinese regulators, as well as the U.S. National Association of Theatre Owners, have highly discouraged film distributors from engaging in this practice, in defense of the cinema industry.¹⁴⁵¹⁴⁶ *Trolls World Tour* was released directly to video-on-demand rental upon its release on April 10,¹³⁷ with limited theatrical screenings in the U.S. via drive-in cinemas.¹⁴⁷ NBCUniversal CEO Jeff Shell told *The Wall Street Journal* on April 28 that the film had reached 0 million in revenue, and stated that the company had not ruled out

performing releases in both formats as cinemas
