*Rand article from wiki

Émile Reynaud already mentioned the possibility of projecting the images in his 1877 patent application for the praxinoscope. He presented a praxinoscope projection device at the Société française de photographie on 4 June 1880, but did not market his praxinoscope a projection before 1882. He then further developed the device into the Théâtre Optique which could project longer sequences with separate backgrounds, patented in 1888. He created several movies for the machine by painting images on hundreds of gelatin plates that were mounted into cardboard frames and attached to a cloth band. From 28 October 1892 to March 1900 Reynaud gave over 12,800 shows to a total of over

500,000 visitors at the Musée Grévin in Paris.

Since the introduction of digital video DV technology, the means of production have become more democratized. Filmmakers can conceivably shoot a film with a digital video camera and edit the film, create and edit the sound and music, and mix the final cut on a high-end home computer.

However, while the means of production may be democratized, financing, distribution, and marketing remain difficult to accomplish outside the traditional system. Most independent filmmakers rely on film festivals to get their films noticed and sold for distribution. The arrival of internet-based video websites such as YouTube and Veoh has further changed the filmmaking landscape, enabling indie filmmakers to make their films available to the public.

In a strategy called virtual cinema, some film distributors have created new partnerships with small movie theaters and art houses to provide a portion of online streaming sales, including Kino Lorber, Film Movement, Music Box Films, Hope Runs High, and Oscilloscope Labs.⁶⁷¹⁵⁴ Warner Bros.

Pictures announced in December 2020 that it would simultaneously release its slate of 2021 films both as theatrical releases and available for streaming on HBO Max for a period of one month.¹⁵⁵ This approach, called Project Popcorn, led to many filmmakers, production companies and theater chains to voice their disappointment and displeasure over the move, especially since they were not informed and consulted with over the move, as well as in regards to contractual and legal obligations.¹⁵⁶ In March 2021, it was announced that Warner Bros. would discontinue same-day

releases in 2022, as part of an agreement the studio reached with Cineworld which operates Regal Cinemas, and would instead use a 45-day exclusive release window for theaters.¹⁵⁷ The studio made a similar deal with AMC Theaters in August 2021.¹⁵⁸¹⁵⁹ Paramount Pictures announced that it would release PAW Patrol: The movie on Paramount+ on the same day as its theatrical release.¹⁶⁰
