\*Rand article from wiki

Émile Reynaud already mentioned the possibility of projecting the images in his 1877 patent application for the praxinoscope. He presented a praxinoscope projection device at the Société française de photographie on 4 June 1880, but did not market his praxinoscope a projection before 1882. He then further developed the device into the Théâtre Optique

which could project longer sequences with separate backgrounds, patented in 1888. He created several movies for the machine by painting images on hundreds of gelatin plates that were mounted into cardboard frames and attached to a cloth band. From 28 October 1892 to March 1900 Reynaud gave over 12,800 shows to a total of over 500,000 visitors at the Musée Grévin in Paris.

Widescreen refers to a larger width to height in the frame, compared to earlier historic aspect ratios.<sup>9</sup> A feature-length film, or feature film, is of a conventional full length, usually 60 minutes or more, and can commercially stand by itself without other films in a ticketed screening.<sup>10</sup> A short is a film that is not as long as a feature-length film, often screened with other shorts, or preceding a feature-length film. An independent is a film made outside the conventional film industry.

The opening March weekend saw a dramatically lower box office than the same weekend in 2019. The 2019 opening March weekend saw the release of Captain Marvel, which alone earned over US\$3 million domestically that weekend, compared to the 2020 weekend's biggest film, Onward, with around US\$1 million.<sup>21</sup><sup>22</sup> The next weekend saw the lowest total US box office intake since the October 30–November 1, 1998 weekend, with lower percentage drops than the weekend after 9/11, at US\$3 million.<sup>3</sup> Onward itself saw the biggest weekend-to-weekend drop of any Pixar film, making \$1.5 million, though it was still the weekend's biggest film and the only one to make over a million.<sup>3</sup> On March 19, Walt Disney Studios and Universal Pictures announced that they would no

longer report box office figures.<sup>23</sup> Comscore therefore announced the next day that it would indefinitely suspend its reporting of box office estimates and charts.<sup>24</sup> On March 26, 2020, after local transmission of the virus had dropped to 0% in China, movie theaters there began to re-open, with reports that 250-500 theaters were opening, but the next day authorities again closed all movie theaters in the country.<sup>2526</sup>
