As a medium, film is not limited to motion pictures, since the technology developed as the basis for photography. It can be used to present a progressive sequence of still images in the form of a slideshow. Film has also been incorporated into multimedia presentations and often has importance as primary historical documentation. However, historic films have problems in terms of preservation and storage, and the motion picture industry is exploring many alternatives. Most films on cellulose nitrate base have been copied onto modern safety films. Some studios save color films through the use of separation masters: three B&W negatives each exposed through red, green, or blue filters essentially a reverse of the

Technicolor process. Digital methods have also been used to restore films, although their continued obsolescence cycle makes them as of 2006 a poor choice for long-term preservation. Film preservation of decaying film stock is a matter of concern to both film historians and archivists and to companies interested in preserving their existing products in order to make them available to future generations and thereby increase revenue. Preservation is generally a higher concern for nitrate and single-strip color films, due to their high decay rates black-and-white films on safety bases and color films preserved on Technicolor imbibition prints tend to keep up much better, assuming proper handling and storage.

Peter Rabbit 2: The Runaway was initially scheduled to be released in the UK and the US in late March and early April respectively, but due to uncertainty over the outbreak, the film was postponed to early August before being postponed once again to December 11, 2020, and January 15, 2021, respectively.⁸⁷ Sony Pictures, the films production company, said that the changes internationally were because of coronavirus fears, with the US release moved in sync over worries of pirate copies and because the rival childrens film DreamWorksUniversals Trolls World Tour had moved its release date earlier, to the same weekend on which Peter Rabbit 2: The Runaway was initially planned to be released.⁸⁸ Trolls World Tours forward rescheduling takes it to what would have been No Time to Dies weekend both are distributed by Universal, and leaves it as the biggest film in April.⁸⁹

On March 5, 2021, cinemas in New York City were given

authorization to reopen, subject to the same 50-patron limit as the remainder of the state.¹⁹⁷ On March 11, after Los Angeles County moved from purple to red on the Blueprint for a Safer Economy, the Los Angeles County Department of Public Health LACDPH gave authorization for cinemas to resume operations in the area at 25% capacity.¹⁹⁸ 42 of the approximately 107 cinemas as of 2019 in the LA area had resumed operations by March 26, with some chains and independent cinemas expecting to reopen over the next few weeks for the opening of *Godzilla vs. Kong*.¹²²¹²³
