The name film originates from the fact that photographic film also called film stock has historically been the medium for recording and displaying motion pictures. Many other terms exist for an individual motion-picture, including picture, picture show, moving picture, photoplay, and flick. The most common term in the United States is movie, while in Europe film is preferred. Common terms for the field in general include the big screen, the silver screen, the movies, and cinema the last of these is commonly used, as an overarching term, in scholarly texts and critical essays. In early years, the word sheet was sometimes used instead of screen. Film in general is not a good term to refer to a long standard

commercial video production since it's ambiguous in general and therefore requires context for correct interpretation.

1960s and later : The decades following the decline of the studio system in the 1960s saw changes in the production and style of film. Various New Wave movements including the French New Wave, Indian New Wave, Japanese New Wave, and New Hollywood and the rise of film-school-educated independent filmmakers contributed to the changes the medium experienced in the latter half of the 20th century. Digital technology has been the driving force for change throughout the 1990s and into the 2000s. Digital 3D projection largely replaced earlier problem-prone 3D film systems and has become popular in the early 2010s.citation needed

Disney also postponed the releases of Antlers and The New Mutants, but not Black Widow.¹⁰⁰ This is speculated to be because the other films are standalone, while moving Black Widow - the first film of the Marvel Cinematic Universe: Phase Four - would affect the development and distribution of the future Marvel Cinematic Universe and the Marvel Disney+ works, with Disney holding off on an early postponement announcement until March 17, when they postponed Black Widow and their other May releases, The Personal History of David Copperfield and The Woman in the Window.¹⁰¹¹⁰² Though it had earlier been speculated that Black Widow would be able to take Marvels November release date planned for Eternals,¹⁸ it was not initially given a new date. On April 3, 2020, Black Widow was rescheduled to November 6, 2020, taking the release date of the

aforementioned Eternals. Three months later, on July 25, 2020, Disney announced that Antlers would get its new release date of February 19, 2021, nearly a year later after its original release.¹⁰³ In August 2020, Disney announced that it cancelled the theatrical release of Mulan in North America and would premiere the film on Disney+ with Premier Access instead. It went on to have a theatrical release in select countries, including China.¹⁰⁴¹⁰⁵¹⁰⁶ On September 23, Disney postponed Black Widow to May 7, 2021, Death on the Nile to December 18, 2020, and West Side Story to December 10, 2021. As a result, Eternals was also delayed to November 5, 2021, in order to maintain the MCU continuity.¹⁰⁷
