The Academy Awards and Golden Globe Awards modified their eligibility criteria for their 2021 editions, as they usually require that a film be screened theatrically for a minimum length of time. The Hollywood Foreign Press Association mentioned that films released via non-theatrical means such as digital would be eligible if they were scheduled to have a bona fide theatrical release in Los Angeles after March 15 with a cutoff date to be determined.<sup>343536</sup> The Best Foreign Language Film award would similarly offer eligibility for films originally scheduled for a theatrical release in their country of origin between March 15 and a date to be determined.<sup>37</sup> The 93rd Academy Awards would also allow

films released via password-protected or transactional video on demand to be eligible if they were originally scheduled to have a theatrical release. Once cinemas have sufficiently resumed operations, the requirement that a film be screened for at least a week would be reinstated. In addition to Los Angeles, eligible screenings would also be allowed to take place in one of five other major U.S. cities.<sup>3839</sup>

Disney also postponed the releases of *Antlers* and *The New Mutants*, but not *Black Widow*.<sup>100</sup> This is speculated to be because the other films are standalone, while moving *Black Widow* - the first film of the *Marvel Cinematic Universe: Phase Four* - would affect the development and distribution of the future *Marvel Cinematic Universe* and the *Marvel Disney+* works, with Disney holding off on an early postponement announcement until March 17, when they postponed *Black Widow* and their other May releases, *The Personal History of David Copperfield* and *The Woman in the Window*.<sup>101102</sup> Though it had earlier been speculated that *Black Widow* would be able to take *Marvel's November* release date planned for *Eternals*,<sup>18</sup> it was not initially given a new date. On April 3, 2020, *Black Widow* was rescheduled to November 6, 2020, taking the release date of the aforementioned *Eternals*. Three months later, on July 25, 2020, Disney announced that *Antlers* would get its new release date of February 19, 2021, nearly a year later after its original release.<sup>103</sup> In August 2020, Disney announced that it cancelled the theatrical release of *Mulan* in North America and would premiere the film on *Disney+* with Premier Access instead. It went on to have a theatrical release in select countries, including China.<sup>104105106</sup> On

September 23, Disney postponed Black Widow to May 7, 2021, Death on the Nile to December 18, 2020, and West Side Story to December 10, 2021. As a result, Eternals was also delayed to November 5, 2021, in order to maintain the MCU continuity.<sup>107</sup>

On May 3, 2021, the governors of Connecticut, New Jersey, and New York jointly announced that they planned to lift most capacity restrictions on businesses on May 19 for cinemas in New York, they would not be limited in how many patrons may be present, but there must be 6 feet 1.8 m social distancing between groups.<sup>209210</sup> On May 4, Los Angeles County was moved to yellow Minimal tier by state health officials,<sup>211</sup> but the LACDPH did not allow cinemas to use the 75% option.<sup>212</sup> Due to progress on vaccination, New York and California lifted capacity restrictions, including those on cinemas, in June 2021.<sup>213214</sup> By August 2021, however, due to spread of Delta variant and waning vaccination rates nationwide, New York City where only 55% of residents were fully-vaccinated announced on August 3 that effective September 13, access to indoor entertainment venues including cinemas will be restricted to those who are vaccinated.<sup>215216</sup> In October 2021, Los Angeles announced that starting November 4 residents will be required to show proof of a COVID-19 vaccination to enter movie theaters.<sup>217</sup>
