Émile Reynaud already mentioned the possibility of projecting the images in his 1877 patent application for the praxinoscope. He presented a praxinoscope projection device at the Société française de photographie on 4 June 1880, but did not market his praxinoscope a projection before 1882. He then further developed the device into the Théâtre Optique which could project longer sequences with separate backgrounds, patented in 1888. He created several movies for the machine by painting images on hundreds of gelatin plates that were mounted into cardboard frames and attached to a cloth band. From 28 October 1892 to March

1900 Reynaud gave over 12,800 shows to a total of over 500,000 visitors at the Musée Grévin in Paris.

In the United States, much of the film industry is centered around Hollywood, California. Other regional centers exist in many parts of the world, such as Mumbai-centered Bollywood, the Indian film industry's Hindi cinema which produces the largest number of films in the world.⁵ Though the expense involved in making films has led cinema production to concentrate under the auspices of movie studios, recent advances in affordable film making equipment have allowed independent film productions to flourish.

Several Chinese and Hong Kong films have stopped production, including Blossoms, the upcoming film directed by Wong Kar-wai, which was scheduled to shoot in Shanghai¹⁶² Jia Zhangke's next film, which was planning to begin filming in China in April, but has been put on hold until at least next spring, with Zhangke saying he might even rewrite the script¹⁶² and Polar Rescue, a Donnie Yen film, which shut down production until the end of the year.⁸² One of the first big production shutdowns was that of Mission: Impossible 7, which was scheduled to begin filming in Venice, Italy when the crew was sent home and the sets left behind.⁶ After actor Tom Hanks became infected with the coronavirus, the Elvis Presley biopic he was working on in Queensland, Australia was shut down, with everyone on the production put into quarantine. Production company Warner Bros. began working with the Australian public health services to identify other people who may have been in contact with Hanks and his wife Rita Wilson, who had been

performing at venues including the Sydney Opera House shortly before both were tested positive.¹⁶³ The Marvel Studios film *Shang-Chi and the Legend of the Ten Rings*, which was also shooting in Australia, had its first unit production temporarily suspended on March 12, 2020, due to director Destin Daniel Cretton self-isolating while awaiting results for a coronavirus test, which came back negative.¹⁶⁴¹⁶⁵
