Before the advent of digital alternatives, the cost of professional film equipment and stock was also a hurdle to being able to produce, direct, or star in a traditional studio film. But the advent of consumer camcorders in 1985, and more importantly, the arrival of high-resolution digital video in the early 1990s, have lowered the technology barrier to film production significantly. Both production and post-production costs have been significantly lowered in the 2000s, the hardware and software for post-production can be installed in a commodity-based personal computer. Technologies such as DVDs, FireWire connections and a wide

variety of professional and consumer-grade video editing software make film-making relatively affordable.

Within the industry, it is suggested that after the pandemic is contained and major events reschedule, the less-important business events and festivals may be more permanently removed from industry calendars, to allow more important events to happen, because they may be deemed unnecessary if no great effect is felt by their cancellations, and to ease finances of the industry as it enters a recession brought about by coronavirus-caused losses.⁷⁰ The Tribeca Film Festival and YouTube worked with several international partner film festivals to launch We Are One: A Global Film Festival, an international online festival of films screening for free on YouTube between May 29 and June 7.⁷¹

On May 3, 2021, the governors of Connecticut, New Jersey, and New York jointly announced that they planned to lift most capacity restrictions on businesses on May 19 for cinemas in New York, they would not be limited in how many patrons may be present, but there must be 6 feet 1.8 m social distancing between groups.²⁰⁹²¹⁰ On May 4, Los Angeles County was moved to yellow Minimal tier by state health officials,²¹¹ but the LACDPH did not allow cinemas to use the 75% option.²¹² Due to progress on vaccination, New York and California lifted capacity restrictions, including those on cinemas, in June 2021.²¹³²¹⁴ By August 2021, however, due to spread of Delta variant and waning vaccination rates nationwide, New York City where only 55% of residents were fully-vaccinated announced on August 3 that effective September 13, access to indoor entertainment

venues including cinemas will be restricted to those who are vaccinated.²¹⁵²¹⁶ In October 2021, Los Angeles announced that starting November 4 residents will be required to show proof of a COVID-19 vaccination to enter movie theaters.²¹⁷
